Workshop Presenters

Celia Joyce and Stephen Truscott will present a series of workshops on Monday using the Lifeframe to assist us to live more fully in the present moment and therefore better hear and respond to others:

- *Our capacity to be present to the people with whom we meet as Co-ordinators is closely linked to how we are present to ourselves. Living more fully in the moment will enhance our capacity to be present to others in our ministry.*
- *Co-ordinators are often exposed to a wide range of human stories that are sometimes difficult and complex. To respond, it is important to hear the entire story. The Lifeframe is a simple and effective way to attend to four dimensions of a person's story: the individual, interpersonal, social-structural and the environmental.*

Brian Parry, Chair of Catholic Outreach will lead us in discussion on contemporary Church in Australia.

Jim Smith, Earth Guardian, will share with us the work of Catholic Earthcare Australia.

- *Catholic Earthcare Australia is mandated, through the activities of research, education, advocacy and outreach to give leadership in responding to Pope John Paul II's call for an "ecological conversion" of the world's Catholics.*

Peter McMinn, Executive Officer of Catholic Outreach will facilitate a workshop about Co-Ordinators work in parishes.
